WITNESS

LETTERS OF UNDERSTANDING

between

NORTHLANDS

(hereinafter called Northlands)

and

CANADIAN UNION OF PUBLIC EMPLOYEES LOCAL 30

(hereinafter called the Union)

Labourers Working in a Leadhand role

Northlands and the Union agree that for the duration of the current agreement, in instances where a labourer working in a leadhand role must also operate equipment that employee shall be rated up from a labourer, to an equipment operator, plus leadhand differential.

Northlands will monitor the frequency of this rate up with the concern that a leadhand may not be able to provide supervision to staff if operating equipment for an extended length of time.

As such if either party experiences difficulty with the modification, the parties will meet and attempt to resolve the difficulties. If unsuccessful, then with justification, it may be cancelled by either party with the provision of a two week written notice. In the event that such a notice is provided the Letter of Understanding shall be cancelled.

Labourer II / Equipment Operator

Northlands and the Union agree that for the duration of the current agreement they will implement the following provisions to recognize the dual skills of Labourer IIs who have priority for rate up provisions to an Equipment Operator position.

NORTHLANDS has made three (3) dual Labourer II/Equipment Operator positions available. These individuals have been assigned to the dual classification, for the duration of this Letter of Understanding. Should NORTHLANDS confirm a need for additional positions during the term of this Letter of Understanding, the positions will be posted and filled in accordance to clause 14.03.

Individuals who have been in the dual position Labourer II/Equipment Operator will be the first assigned to schedules where operation of equipment is anticipated. This may necessitate schedule changes, however these changes will be made in accordance with Section 4 of the Collective Agreement.

This Letter of Understanding does not provide for exclusive rights to the operation of equipment. There will be instances where equipment operation is unanticipated or where the scheduling of individuals with dual classifications will create an overtime situation. In those instances, other individuals will be provided the rate up opportunity.

The parties agree to monitor the frequency of the reimbursement and to meet to resolve any difficulties.

Special Hours of Work

Northlands and the Union agree that for the duration of the current agreement they may implement, on a trial basis, special hours of work.

It is agreed that the hours of work may vary from the shift schedule to accommodate only the specified activities listed herein:

- Capital EX
- FarmFair International
- Canadian Finals Rodeo
- High voltage facility maintenance
- Installation and removal of ice.

It is also agreed that where feasible a compressed workweek may be a component of the special hours of work.

Special hours of work scheduling shall be discussed with the Union prior to implementation.

Parking

A limited number of parking spaces will be made available for employees within the bargaining unit. Allocation of the spaces will be based on jurisdictional seniority for the employee's personal use during their regular hours of work.

Currently there are nine (9) spaces available at the Maintenance Shop and thirty three (33) spaces available at the Acme Shop. These spaces will be available as long as operational conditions permit and may be revoked with two (2) weeks written notice. Such notice will be in the form of a letter to CUPE with copies posted at timeclocks in both buildings.

Casual Labourer

Definition:

A Casual Labourer means a person employed as a casual employee working a minimum of three (3) hours per shift who shall receive the rate of pay outlined in accordance with this Letter of Understanding.

Casual Labourers are eligible for safety footwear subsidy upon completion of 240 hours in a calendar year. The required hours must be worked in each calendar year to qualify for a subsequent subsidy. Reimbursement shall be in the amount of fifty (50) percent of the cost of such footwear or seventy five (\$75.00), whichever is the lesser.

Individuals who have previously attained Provisional status will receive the Casual Labourer V rate of pay but are only eligible for the provisions contained in Letter #7. Clause 14.01 in the main agreement is not applicable for the purpose of this letter.

WITNESS

Letter of Understanding – Health Care Spending Account

Northlands agrees to develop and implement a Health Care Spending Account effective January 1, 2007. Each eligible permanent full-time employee will be provided with a Health Care Spending Account in the amount of \$250.00 commencing the first pay period of each year.

To be eligible for the \$250.00, employees must be permanent full-time and must have completed the 90 day waiting period for benefits and be actively at work during the first month of each year. Actively at work means those employees who are physically at work for all or a portion of the first month of the year. If the employee is not physically at work in January, but returns to work prior to July 1, they will be eligible for Health Care Spending benefits effective July 1 in the amount of \$125.00.

Permanent full-time employees who complete the 90 day waiting period for benefits after January 1 in each year but before July 1 that same year will be provided with a Health Care Spending Account of \$125.00 providing that they are physically at work for all or a portion of July.

To qualify for reimbursement from the Health Care Spending Account, the expense must be (i) a qualifying medical expense under the Income Tax Act (Canada); (ii) incurred after the date the Health Care Spending Account credits (dollars) have been assigned to the eligible permanent employee's account; and (iii) all other sources of reimbursement must have been accessed first.

Expenses may be submitted on behalf of eligible dependents as listed in the Extended Health Plan carrier agreement (currently Great West Life). All expenses incurred during the Policy Year must be submitted no later than April 30th following the end of the Policy Year. At the end of the Policy Year, unused Health Care Spending Account credits (dollars) may be carried forward to the next Policy Year. Carried forward credits must be used within the Policy Year in which they were carried forward to avoid forfeiture. For the purposes of the administration of the Health Care Spending Account the phrase "Policy Year" refers to January 1 – December 31 of the same year. For instance, the 2007 Policy Year begins January 1, 2007 and ends December 31, 2007.

All provisions of the plan will comply with Canada Revenue Agency's requirements for Health Care Spending Accounts, and the employee is responsible for any tax consequences of this plan.
